Maudie's Naughties

Trophy Wife

Redford, a 70-year-old, extremely wealthy widower, shows up at the Country Club with a breathtakingly beautiful and very sexy, blonde-haired woman who knocks everyone's socks off with her youthful sex appeal and charm and who hangs over Redford's arm and listens intently to his every word.

His buddies at the club are all aghast. At the very first chance, they corner him and ask, 'Redford, how'd you get such a trophy girlfriend?'

Redford replies, "Girlfriend? She's my wife!"

They are knocked over, but continue to ask. 'So, how'd you persuade her to marry you?'

"I lied about my age," he replies.

"What, did you tell her you were only 50?"

Rexford smiles, "No, I told her I was 90."

Parlez Vous Francais

A boy is having a lot of difficulty in French class. To encourage him, his teacher says, "You'll know you're really beginning to get it when you start dreaming in French."

The boy runs into class all excited one day, saying, "Teacher, teacher! I had a dream last night and everyone was talking in French!"

"Great!" says the teacher; "What were they saying?"

"I don't know," the boy replies. "I couldn't understand them."

Persevere

A young pastor was sitting in a restaurant eating lunch. He opened a letter from his mother he just got that morning. As he opened it a twenty dollar bill fell out. He thought: "Thanks, mom, I could use that right about now." As he finished his meal he noticed a beggar outside on the sidewalk leaning against the light post. He thought: "That fella could probably use the \$20 more than I."

So he crossed out the names on the envelope and put the \$20 in the envelope and wrote across the top in large letters. "PERSEVERE!" So as not to make a scene, he put the envelope under his arm and dropped it as he walked past the man. The man picked it up and read the message and smiled.

The next day, while the pastor was eating his lunch, the same man tapped him on the shoulder and handed him a big wad of bills. Surprised the young pastor asked him what that was for?

The man replied, this is your half of the winnings. "PERSEVERE" came in first in the fourth race at the track yesterday, and he paid 30 to 1.

Secret Code

An old priest got sick of everyone in his parish confessing adultery. During one Sunday's sermon he told them, "If one more person confesses to adultery, I'll quit!???"

Since everyone liked him, they decided to use a code word: "fallen.???" From then on, anyone who had committed adultery said they had "fallen.???"

This satisfied the old priest and the parishioners, and everything was fine for years, until finally the old priest passed away at the ripe old age of 93.

Shortly after the new young priest settled in, he paid a call on the mayor. The priest was quite concerned. "You have to do something about the sidewalks in this town, Mayor. You can't believe how many people come into the confessional talking about having fallen!???"

The mayor started to laugh, realizing that no one had explained their code word to the new priest. But before the mayor could explain, the priest shook his finger at the mayor and said, "I don't know why you're laughing; your wife fell three times last week!???"

Letters to the Editor

To those living with BREAST CANCER

We made it through 31 days of "Pinktober"; but you know who did not... the estimated 3,565 women and men who died from metastatic breast cancer just this month. Metastatic Breast Cancer (MBC) takes the lives of 115 individuals in the United States every day. Moms, dads, daughters, sons, sisters, brothers - both sexes, all age groups, all races, all religions. What has breast cancer awareness done for the 43,000 who continue to die every year? NOTHING! And that won't stop until we direct more than 5% of all breast cancer funds to the only fatal form of the disease.

In 1989 when most of the pink awareness campaigns kicked into high gear, 40,566 people died that year from breast cancer. It is projected that we will finish 2020 with 42,170 deaths from breast cancer - you do the math! The "Breast Cancer Awareness" campaigns will retreat to the shadows for the next 11 months, but we can't ignore stage IV. Please help us change the "pink" prevention narrative; and not just in October, but every day - until the number of people we lose is 0. Those doing the research need your support, we need you to keep spreading the word, shar-

ing your stories and the stories of loved ones you may have already lost to MBC and most importantly, the lack of research dollars to CURE this disease.

I challenge you to look into the big cancer organizations and ask them how much money they put into funding research for a CURE. This includes the American Cancer Society and Susan G. Komen Foundation. Although these are helpful organizations, they are not focusing on research. They are not focusing on the CURE.

Please follow and invite your friends and family to follow METAvivor on both Facebook and Instagram (<https://www.instagram.com/metavivor/>). Let them know who we are, what we do, and why this work to increase funding for metastatic breast cancer is a matter of life or death.

October should be "FUND THE RESEARCH" Month. Every dollar of every donation to METAvivor this month and EVERY month, will fund metastatic breast cancer research. We need to bring that big elephant out the corners of the pink room, and we won't stop until the fatal form of breast cancer gets the funding it deserves! I'm DYING FOR A CURE. ARE YOU?

Thank you to school board

Thank you BOE members and the Superintendent for your vision, determination and putting kids first. You have been resolute on upgrading of the educational experience, provide new oppor-

tunities and approving contracts for quality facilities that kids in other districts have long had and ours have long dreamed of.

Thank you,
Kevin T. Williams

Open letter on The Election

This election boils down to one thing -- Do you love American more than you dislike our President? Socialism makes everybody equal -- equally miserable! When I first started voting in the 1960's, the communist part and socialist part both ran a candidate for President. Since then, they have moved into and taken over the Democrat part. President Reagan said we could lose our freedom in one generation. We could lose our freedoms in this election. Once socialists/communists gain power they don't give it back. Think Russia, China, Cuba, Venezuela.

In our first debate our President referred to the "Manifesto" without explaining it. The "Manifesto" is a 110-page document signed by Bernie Sanders, AOC, Biden, et.

al. that reads like a communist manifesto. It is the party platform and is available online.

Ask yourself if you are better off now than 5, 7, or 10 years ago during the Great Obama/Biden Recession.

Of the 8 billion people in the world, I guess 7 billion would move here if they could. We are the greatest nation in the world. Let's keep America great.

To paraphrase Bob Johnson (founder of the Black TV Network), stick with the person you know, not the devil you don't know.

We need to make sure our President has a Senate and Congress to support him also.

Seen on a T-Shirt, "Which is worse? Covid-19 or Biden-20?"

Name withheld on letter

EDITOR'S NOTE: We also received a letter that asked for their name to not be printed. Part of begins as follows:

I want to express my opinion on voting this year. I am a registered Independent about being a party member for 45 years. I always voted for the person not the

party. This year is easy, I am voting all the Democrats. The fear-mongering and lies from the Republicans sicken me. I am a great grandmother and I am horrified by what all of my family is seeing as examples of people in power. They lie, then double down on the lies.
