Road Test

If you would like to schedule an appointment for a road test to get a Drivers License, please call the Estill County Circuit Clerk's Office (606) 723-3970.

Community News

Estill Public Library

How About Getting Involved with the Library?

Serving on the library board is a great way to make a difference in your community. When there are upcoming vacancies on Estill County Public Library's board of trustees, the current five-member board begins seeking community minded library users to serve a term on the board. Library board members operate on a voluntary basis, and take an oath of office to serve as the library's governing body. The board members elect a president, vice-president, secretary and treasurer to carry out official duties.

In order to be appointed as

trustees, candidates should be adult residents of Estill County who are available to attend one library board meeting per month, with occasional specially called meetings.

The library board seeks candidates who have business, financial, legal, government, or education-related work experience, and who have a strong desire to provide exemplary library services to all Estill County residents.

The board also seeks candidates who represent a wide cross-section of the population; and who reside in different areas of the county.

If you think you might have an interest in serving on the library board in the future, please contact Estill County Public Library for an application. Call the library at 606-723-3030 for more information.

Kentucky Transportation Cabinet releases preliminary 2019 highway fatality count

Fatalities up 10 compared to 2018

Highway fatalities in Kentucky increased last year according to preliminary numbers from the Kentucky Transportation Cabinet's (KYTC) Office of Highway Safety (KOHs). Initial data indicates there were 734 fatalities in 2019, compared to 724 in 2018.

There was also an increase of seven in Estill and the five surrounding counties for the same period.

Twenty-three people died on Kentucky highways in the 6-county area in 2018 with 9 in Clark County, 7 in Powell County, 4 in Estill County, and one each in Jackson, Lee and Madison counties for a total of 23.

Fatalities increased by seven to 30 in the six-county area in 2019 with 9 in Madison County, 8 each in Clark and Jack-

son, three in Powell, two in Estill and no fatalities in Lee County.

Madison is the only one of the six counties reporting fatalities in 2020 with two.

"A single death is one too many," said KYTC Secretary Jim Gray. "And our 2020 Recommended Highway Plan is our commitment to improving highway safety. Through this plan Governor Beshear calls for a historic \$100 million investment in the Highway Safety Improvement Program and an aggressive move to install more than 100 miles of life-saving guardrail across the Commonwealth."

The fatality figures will remain preliminary until all highway crash data is collected. A final report will be released in April.

So far in 2020, preliminary numbers indicate there have been 56 roadway fatalities, down 17 compared to the same time last year.

While pleased with the current downward trend, KOHS Acting Director Jason Siwula says the KOHS is increasing efforts to encourage safe driving habits through localized media campaigns and partnerships, like Buckle Up Phone Down, law enforcement blitzes, and free-ride sharing promotions during the holidays.

"We must give credit to the drivers who chose to practice safe driving behaviors," said Siwula. "We pledge to do our part, but it will take everyone - all citizens of Kentucky - to reach our goal of zero deaths on our roadways."
