Birding BITS BY Cindy Brook

What's That?
If you're experimenting with new types of bird food, such as fruit, suet or even meal worms, and the birds aren't eating it, just be patient. It might take a few days for them to recognize the new stuff as food. But they'll figure it out soon enough.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
