

The Estill County Middle School Youth Services Center is hosting a series of free Family Fun Nights this fall semester. The purpose of these evenings is to allow parents and their students to spend some quality time together, while learning various useful skills. Each Family Fun Night will have a different theme and includes a family oriented project. On September 22, 2016, the YSC hosted Pumpkins and Spice and Everything Nice workshop where families came and enjoyed an evening of learning to bake your very own homemade pumpkin bread and then enjoy the fruits of your labor. The families also learned about recycling and created flower boxes out of their aluminum bread pans. For more information about upcoming events please call the ECMS/YSC 606-723-6840.

Have you been checked?

Your caring team at Marcum & Wallace Hospital

AN ANNUAL MAMMOGRAM CAN SAVE YOUR LIFE.

Being aware is important, but getting checked regularly with an annual mammogram can save your life. Our radiology department uses only the highest quality digital mammography and breast ultrasound to get fast, accurate results. We also offer the capability for women over 40 to schedule their own screening mammograms, with or without a doctor's referral. We are with you every step of the way, from screening to diagnostics, surgical consultation and education.

Call 606-726-2106 to schedule your mammogram today!

Free gift for mammograms in October, while supplies last!
