Irvine Council is updated on festival, highway construction

by CATHY DAWES **Tribune Staff Writer**

Francine Bonny was a guest at the Irvine city council meeting on Monday night. Bonny said that a date for the 26th annual Mountain Mushroom Festival had been set for April 23rd and 24th and spoke about how past 26 years.

Bonny said that with social media and the festival's website they are able to reach people all over the country. She said that a couple from Virginia had made the trip last year and stayed the entire weekend. She added that they had recently e-mailed her and said that they had such a wonderful time last year that they are planning to return again this year. The couple had found the event by searching for festivals on the internet.

Bonny said the theme for the festival for the city and police officers during the festi- pected to last until 2017.

in attendance to answer questions regarding the expansion along Highway 89 and Main Street. Skaggs said that this project has been in the works since April of 2012 and is almost ready for the construction phase. Skaggs said that there were 62 propertyies technology has changed the festival over the along the stretch of roadway that had to be acquired by the state in order to start the project. He added that a few of those buildings that were purchased by the state will be demolished in the upcoming weeks.

at the intersection of Rice Street and will go all the way down to the bypass on the Winchester Road. Skaggs said that Walker Construction won the bid for the construction phase of the project which is estimated to cost 7.8 million dollars. Skaggs said the whole project from acquiring the properties 2016 is "Pride in Our Community" and that along the route until finished would cost apshe appreciates all the help that she gets from proximately 10 million dollars and was ex-

Davis advised the council that he felt like the best thing to do with the Vanhuss home would be to declare it as a surplus property and sell it an auction. The money made from the sale of the home would be put into the account with the rest of the money.

Councilwoman Sharon Snowden asked if a new police cruiser could be purchased out of the money. Davis said he would look into the matter and let them know what he decided about the cruiser.

In other news Amy Crowe asked the council if they could vote on a raise for city employee Ricky Williams. "He works hard and I think he deserves it," said

The council agreed upon a \$1 per hour raise for Wil-

Councilwoman Thompson asked for approval to set the date for the volunteer picnic for September 24th. Thompson said she would gladly accept donations for the picnic at any time.

During the meeting last month she stressed how important the volunteers are to the city and county. Volunteer firefighter Zach Clevenger had passed away last month prior to the meeting and a moment of silence was held for him during that meeting.

Fire Chief David Harvey said that something needed to be done about the log trucks and the semi trucks being parked within the city. He said he has seen the log trucked parked on Elm Street loaded down with the logs and that he fears that too much heavy traffic on the roads in Ravenna will do more damage. Harvey also said that an incident had occurred last week with one of the trucks that was parked on the CSX property. He said that the truck was leaking fuel and thankfully the situation was not any worse than what it was but he thinks that the loaded trucks are a potential hazard.

Mayor Estine Tipton said that she knew that there were signs on the CSX property that prohibits trespassing but she would have to contact someone to make sure that the truck drivers didn't have permission to park there before she turns the matter over to Police Chief Ken White.
