an incline near a swampy area. I didn't listen to the voice. I got the truck to where I could easily put the wood in my truck. Didn't take no time until my truck was loaded down with wood.

So, I got ready to head out with my load of wood. The voice went off you big dummy. I buried my truck to the frame. Truck was stuck really really stuck!

I gave my dad a call. I told him I was stuck pretty good and needed a pull. He showed up with chains and his truck. Dad got out, shook his head, acknowledging I was really really stuck. He tried pulling me out with his truck with no luck.

Then dad broke out the tractor. After a few tries of pulling, my truck was still really really stuck. Dad didn't give up and after several more attempts we got the truck out. Dad didn't give up until he got me out of a messy predicament. He has always been there for

me over the years.

I say all this to help make a point. If you ask the Father Jesus Christ for help. He will be always there for you. He will never give up on you. When you are stuck, his hand is always reaching out. All you have to do is to reach out to Jesus!

Until next week, get out and enjoy God's creation!

Fruit-Loving Songbirds

If you want to attract non-seed-eating songbirds to your yard, fruits such as grapes, raisins, cherries, apples and orange halves will attract mockingbirds, catbirds, orioles, towhees, cedar waxwings, blue birds, tanagers and many more. Use a tray feeder or place on the ground near brush cover.

Count on the Father

Well I hope all have made it through SNOWMAGED-DON 2016 unscathed. A foot of snow and no bread or milk to be found anywhere has me dreaming! I am dreaming of warm days, green grass, and gobbling turkeys.

I had four loaves of bread in the cupboard. There were five gallons of milk in the refrigerator. I was close to being ready for Snow Storm Jonas. The only thing I was missing was some extra firewood

on hand. I took care of that Thursday morning. I cut a big load of firewood.

I usually have a little voice goes off in my head just before I do something stupid. The voice says that's not a good idea, you better not do that. Then the voice most of the time says I told you so ,you big dummy!

Well the voice went off Thursday morning as I was backing up close to the wood I just cut. I was backing down
