

"The American Legion Auxiliary Unit #79 recently donated boxes of shoes and clothing to the Estill County FRYSC. The shoes were donated by a shoe businessman who closed his store after many years of service. The donation of shoes to the American Legion Auxiliary has benefitted many children throughout Kentucky including students in Estill County! The Estill County FRYSC are so thankful for Unit #79's donation, especially in time for Christmas!" National Hospice Month 2016

KNOW YOUR OPTIONS

Honoring Life. Delivering Compassion.

80% of people say, if they had a serious illness, they would want to talk to their doctor about end-of-life care options.

7% of people with a serious illness report having that conversation.

Take steps now to make sure you know what's important to you, and that others do, too. It's critical if you hope to live every moment in a way that matters most to you.

Like the fine people in these photos. They never gave up hope that life could carry on in ways that meant something to them, and we were privileged to be part of their care.

Contact us today, on our website or by phone, to learn more about your options and resources, what they mean, and how to talk about them with family and health care providers.
