

Hospital Foundation Events Raise Over \$50,000

Saturday, October 15, 2016, was the single-day largest fundraising event in the history of Marcum & Wallace Memorial Hospital (MWMH). The events combined to raise over \$50,000 to benefit the campaign for 3D mammography technology at MWMH. 3D mammography is the newest technology available to detect breast cancer at the earliest possible stage, when it's often more easily treated.
