Keeping Firewood Pests Outside

Eric Baker Estill County Extension Agent for Agriculture & Natural Resources

Most insects in firewood homes, but insects emerging from firewood can concern homeowners and put

Auld Lang Syne As the year draws to a close, I recall my greatest birding moment of 2016, when an American bald eagle flew across the street right in front of me while I was driving to work. It took my breath away. Think back ... what was your favorite birding moment? Happy New Year, everyone! E-mail: birdingbits@cfl.rr.com

dling the wood properly.

insects found on or inside to reduce the length of time logs out of your home, is to insects have to become es- formation, contact the Estill store and use the firewood so that you prevent their entry indoors," said Mike Potter, shake or knock logs together entomologist with the University of Kentucky College to the bark. Check the botof Agriculture, Food and tom of log carriers because Environment. "We strongly insects often crawl into advise against spraying fire- them when logs are brought wood with an insecticide. indoors. Bring only enough This practice is unnecessary, firewood indoors to be used the Kentucky Cooperative ineffective and could result in immediately or within a few Extension Service serve all the release of harmful vapors hours. Pests emerge from people regardless of race, when the wood is burned."

Some pests such as terwon't harm people or their mites, wood-boring beetles and carpenter ants tunnel into firewood and feed within the logs. Others simply hide or overwinter underneath the bark. These include centipedes, spiders, scorpions, wood cockroaches, ground beetles, sowbugs and pillbugs. The only harm these hibernators typically cause is annoyance as they crawl or fly around the house upon emerging within a few days after the logs are bought indoors.

> Potter gave these tips to keep firewood insects out in the cold. Store firewood outdoors away from the house and off the ground. Stacking logs off the ground increases air circulation for drying

Kentucky Fruit & Vegetable Conference

The 2017 Kentucky Fruit and Vegetable Conference is planned for January 9-10, 2017 at the Embassy Suites Hotel off Newtown Pike, in Lexington. The program and registration form can be found by going to our Horticulture Department web site at: http://www.uky.edu/hort/ node/1724 . A copy of the printed program and registration form can be requested from the Extension office.

Pre-pay by January 20th

Taking Orders for Rootstock

The Estill County Cooperative Extension Service will be ordering apple and pear rootstocks now through mid-January. If you want to propagate a favorite apple or pear, grafting is one of the easiest ways to preserve that cultivar. To graft, you will need scion wood (terminal branch segments from last year's growth collected at the end of February) and rootstock. If you do not know how to graft, come by the Extension office for more information.

We typically order Malling7 (55% of standard size tree) and/or MM.111 (80% of standard) semi-dwarf apple rootstock and a pear rootstock. Please pre-pay your order by January 20th at the price of \$1.00 each. The rootstocks usually arrive the first of March. To order, call 723-4557 between 8:00 a.m. and 4:30 p.m. Monday through Friday.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

This meeting will be of great benefit particularly for growers that are considering growing and marketing a crop, as well as for experienced growers.

We encourage all fruit and vegetable growers to attend this very informative meeting.

This year we have sessions on Commercial Fruit and Vegetable Production, Organic Production, Farmers' Markets, Small Fruit Production, Direct and Wholesale Marketing, Greenhouse and High Tunnel Production, the Grape and Wine Short Course, Food Safety and a What to Think About Before You Plant workshop. Preconference Sunday evening sessions include a Plasticulture Strawberry Short Course, Tree Fruit/Small Fruit and Vegetable Round Table Discussions.

For more information, call 606-723-4557.
